

# Original HP High-capacity and Multi-pack Toner Cartridges

High-Capacity

Dual-Pack

Multi-Pack

## Three great ways to help save time and money

Up to **25%** savings when you choose Original HP high-capacity toner cartridges<sup>1</sup>

### HP high-capacity cartridges: More pages than standard cartridges

**Lower cost-per-page (CPP)**

Depending on your printer, you can reduce CPP by up to 25% over standard cartridges<sup>1</sup>

**Fewer cartridge changes**

Reduce the number of cartridge replacements

**Fewer orders**

Less cartridge order administration

**Environmental benefits<sup>2</sup>**

Cartridges last longer which means fewer cartridges to recycle

Up to **10%** savings when you choose Original HP multi-packs<sup>1</sup>

### HP dual-packs: Two cartridges bundled together

### HP multi-packs: Three cartridges bundled together – cyan, yellow and magenta

**Lower purchase price**

Save up to 10% compared to purchasing individual cartridges<sup>1</sup>

**Simplified orders**

Reduce ordering process with only one SKU to order, track and ship

<sup>1</sup> High-capacity CPP calculations based on ISO/IEC yields 19752, 19798; average savings used the estimated street price for HP's X cartridges versus their standard A cartridge. Does not cover X cartridges that do not have an A equivalent. Multi-pack savings compared to purchasing individual cartridge at street price. Does not include multi-packs without like individual cartridges.

<sup>2</sup> HP Planet Partners Program availability varies. For details, [www.hp.com/recycle](http://www.hp.com/recycle). On recycled materials in cartridges, see [www.hp.com/go/recycledcontent](http://www.hp.com/go/recycledcontent).
