

Quality Connections: A Great Place for a Job—or a Career

Our caregiver posts are entry-level positions with starting pay from \$16 to \$18/hour.

We have both internal and external career mobility and advancement opportunities, so this can be a job to help you build your work experience, or the start of an exciting and rewarding career.

Either way, we also offer the following benefits:

- Flexible hours
- Paid vacation and sick leave
- Medical, dental and vision insurance
- Free child care from 9 am to 5 pm through our Evergreen Academy Preschool
- Retirement IRA, discount programs, etc.
- *Cell phone stipend (for qualifying positions)
- *Mileage reimbursement (for qualifying positions)

We also offer a warm and supportive community of fellow caregivers who are there as a resource to you.

“The thing I enjoy most about being a caregiver is teaching, coaching, and watching the people I care for do for themselves because I've taught them how to. It's so rewarding to see the difference I make in their lives. I'm not just a friend, I've become extended family.”

- Georgia Valles
